

WHANGANUI INTERMEDIATE SCHOOL

90 Dublin Street
Whanganui 4500

July 2018

Dear Parents, Caregivers and Whānau

Tēnā koutou, tēnā koutou, tēnā koutou katoa. Whanganui Intermediate School invites you to view what we have to offer Year 7 & 8 students in the enclosed prospectus. As you read through the information take note of any burning questions and bring them along to one of our information evenings. The home – school partnership is one we value and keeping you informed from the beginning is important. Enjoy imagining your child engaging with the many opportunities on offer at Whanganui Intermediate School and be assured that academic, cultural, artistic, sporting and social growth are aspirations we hold for every student at our school.

Realising such aspirations includes a commitment to providing positive, safe and stimulating learning environments across the school – in the classroom, in the playground, on the sports field and on the stage. Our students are encouraged to engage in traditional learning subjects while also experiencing a wide diversity of learning opportunities in other areas. We support our students to reach their potential and live out our motto 'Ad Summa Nitentes' – 'Strive for the highest'.

Our carefully designed programmes expose students to different, new and exciting ways of learning. The needs of all learners are considered and met through specialist, extension and additional support programmes. We also have a dedicated pastoral team to provide behaviour guidance and emotional support to those who may need it.

Our school has an enrolment scheme and pupils who live within our home zone have an entitlement to enrol at our school. However, if you do not live within our home zone, but wish to enrol at our school, you can still send in an application for enrolment. Currently, **we do have places available for out of zone enrolments**. Details of our home zone, the process used and the timeline for enrolment are included in this information package.

I am happy to discuss the needs of your child at any time. As a past student of Whanganui Intermediate I am committed to ensuring all students have a positive and memorable experience at our school. Please make an appointment and bring your child in to meet me should you still be unsure.

Yours sincerely

Katherine Ellery
Principal
